TIRE COMMITTEE ORGANIZES HERE

The Tire Allotment committee for Milam County of which John B. Henderson is Chairman held its initial meeting Friday in the Court House.

Mr. Henderson told the Herald Saturday morning that the committee organized and will meet again in Rockdale on Friday night, January 16.

Mr. Henderson requested correction on the impression which has resulted from misunderstanding of the new law.

All dealers who have heretofore sold automobile tires, whether they be exclusive tire dealers or whether they sell tires as one of a number of items of their business, will continue to sell tires under the Allotment plan. The sale of tires is not restricted to any one firm.

Anyone who qualifies to purchase tires may buy them from any dealer anywhere in the United States and this means he may order them from a mail order house if he desires. The only requirement is that the purchaser must show proper necessity for tires and come under classification of those who are entitled to buy them.

Certain tires such as out-moded sizes used on Model T Fords may be purchased without restrictions provided the buyer shows necessity for such purchase and in that case he will be required to trade in his old tires. Restriction on out-moded tire sizes are removed only because there is little or no demand for them and to supply such vehicles will not endanger the supply of tires and rubber.

Mr. Henderson said that the committee serves without pay and no provision is made for the payment of anyone for their services rendered in connection with the Administration of the law.

Local Officers to Get Instruction For National Defense

Local law enforcement officers of Cameron and vicinity will be given special national defense instruction which will qualify them to organize and train local Civilian Volunteer Auxiliary police, at a special school of instruction conducted by the Federal Bureau of Investigation, to be held in Austin, Texas, on January 12, 1942, according to an announcement today by M. W. Acers, special agent in charge of the San Antonio FBI District Office.

The six-day intensive instruction course, to be conducted by FBI Special Agent G. W. Carlson, is based on elaborate studies made by the FBI in England and other warring countries, and includes instruction and demonstration in a wide range of civilian defense police subjects, ranging from traffic problems to blackout enforcement.

"When local officers have taken this special schooling, they will be qualified to set up the civilian auxiliary police organizations, and train them, as called for in every community under the Civilian Defense program," said Mr. Acers. "The mayors, county judges, and the local defense councils are urged to see that local officers from their local communities attend one of the FBI schools and receive this instruction."

In addition to the school at Austin, other FBI schools will be held in Laredo and Del Rio on January 12, and Harlingen and Waco January 19, 1942.

Those eligible to attend include sheriffs and deputies, police chiefs, assisants and officers, constable, officers of railroad, public utility, railway express, and pullman company law enforcement agencies, and law enforcement officers of banks in the Federal Reserve or Federal Deposit Insurance Corporation systems.

John Smith and Mrs. Edith Smith of Dallas transacted business in Cameron Saturday.

The association, in the purchase of these bonds, has demonstrated its patriotism and the loyalty of those who are responsible for its operation. The company has considerable resources, but a purchase of these bonds is much larger in proportion than other organizations.

Both Mr. Slavik and Mr. Marek, prominent leaders, have served for years in executive positions in this organization.

Miss Marie Slavik, daughter of Mr. and Mrs. Jos. Slavik, has accepted the position as Vice-Secretary of the RVPOS. She attended Business College in Austin and is thus qualified to take her place with her father, Jos. Slavik who maintains an office at his residence.

FORMER CAMERON BOY KILLED IN PHILIPPINES

Milam county's first death in the Philippines among the armed forces, so far as known here, occured on January 5, when Thuett Majors, 25, was killed while on active combat duty with the forces of General Douglas MacArthur.

News of the death of young Majors was received in Cameron Monday in a telephone call to Mrs. Elmo Vauhan from her brother, Rev. W. O. Majors of Greenville and the father of Truett Majors.

Majors was born in Cameron and lived here until he was 10 years of age when the family moved to Greenville, where his father is a Baptist Minister and Pastor of a local church there.

Majors, who is also a cousin of Mrs. Emory B. Camp of Cameron, joined the Air Corps two years ago and was first stationed in California as a pilot. After leaving Cameron he completed his schooling at Greenville and then went to Dallas where he took up law and was soon to become a lawyer when he volunteered his services.

There was no detail concerning the death of young Majors, but it is presumed that he went to the Philippines with a contingent of American aviators and may have lost his life in combat with Japanese planes.

He is survived by his parents, Mr. and Mrs. W. O. Majors of Greenville, one sister, Martha Majors of Greenville and 2 brother, Oliver Majors and Conway Majors of Austin.

NEW WAR BOND QUOTA IS NEARLY MILLION

Milam County's quota for Victory Bonds and Stamps for 1942 is $926,000.

Emory B. Camp, Chairman of the Milam County Defense Council, now dirceting sale of bonds and stamps, received the quota Friday morning from Frank Scoffield, Collector of Internal Revenue at Austin.

Mr. Camp communicated the information to the Daily Herald shortly before noon.

The quota will give the citizens an indication of what is expected of them during 1942 under war conditions.

President Roosevelt in his address to Congress on the state of the Union Tuseday at noon told the American people that great sacrifices would have to be made and one of them is to provide money for the war.

The privilege to buy Government Securities belongs to every citizen and no matter how large the quota the people of Milam County will make a sincere and earnest effort to meet it.

To request almost a million dollars of the people's money in Milam County to be invested in war Bonds, appears to be high, but when resources are taken into consideration the amount alloted can be subscribed.

ROPING CLUB WILL POLICE IN BLACK OUT

Cameron's Roping Club today was on record as a volunteer for a share in whatever capacity they may be called upon to serve.

Make McDermott, Publicity Director for the Club, said that the entire club composed of some 20 or more members, have volunteered their service as a unit for police duty in times of black outs or to do any other thing vital to the war effort.

Mr. McDermott conceived the idea for the Club and now the organization is on record for service during the war.

All members have horses and could give the city a mounted police force during black outs which are precautions against the possibility of air raids.

The Club was responsible for the Arena at Wilson Ledbetter Park and has already done a fine job for Cameron.

Board Declines Ben Arnold Petitions; Eelection to Be Held

No action was taken by the Board of Education here Monday on petitions filed by citizens at Ben Arnold over appointment of a School Trustee.

The community at Ben Arnold, like many other communities, is having its troubles over school matters. Recently the superintendent and a member of the Board engaged in a fight. One of the trustees moved away from the community and both sides in the controversy have asked for the appointment of a Trustee favorable to their cause.

But the Board of Education acted wisely in declining to make any appointment due to the fact that an election is soon to be held and in that case the matter can be decided by the people themselves.

The Board named three trustees at Minerva as follows: C. F. Dickson, Mrs. Bryan McDonald and Gib Terry.

FORMER RESIDENT HERE DIES IN BALLINGER

WHITE ANNOUNCES FOR RE-ELECTION AS SHERIFF

Sheriff Valter White is a candidate for re-election to a second term in that office, subject to action of the Democratic Primary to be held on Saturday, July 25, 1942.

Mr. White, while serving his first term, has made a fine record in the office and his many friends throughout the county will be enthusiastic to receive his announcement for re-election at this time. Mr. White is the first candidate for county office to announce for re-election.

Mr. White came to the office of Sheriff on January 1, 1941 after he had won his campaign in July of that year and became the candidate of the party. During the campaign Mr. White told the people of Milam county how he proposed to serve them. He has kept his word. He has kept the faith.

On taking the oath of office he began his service with Deputies he had carefully chosen for their ability and their integrity. This year, his first in office, has brought to him and his Deputes a great deal of hard work and he has been able to serve the people without difficulty of any kind and a resulting increased appreciation of the policy he has pursued.

In asking for re-election Mr. White realizes his great responsibility and expressed his gratitude for the privilege of serving and appreciates the fine things his friends are saying about his first year.

His friends point out that he is well equipped to serve as Sheriff for a number of reasons, not least of which is the fact that he was born and reared in Milam county, knows the people and understands what they expect from their Sheriff. He has not dis-

Sheriff White Calls On Enemy Aliens To Give Up Equipment

Sheriff White today requested the Daily Herald to publish an official request from his Department to all enemy aliens in Milam county who possess equipment, including fire arms and radio sets, to surrender the same at once to him.

Sheriff White is in receipt of a telegram from Congressman W. R. Poage advising that he has contacted immigration authorities in Washington and a list of all enemy aliens in Milam county will be mailed shortly.

In advance of receipt of the list or information regarding such aliens, the Sheriff was unable of course to do anything in this regard.

Attorney General Biddle has advised all local officers throughout the country that they are expected to co-operate in handling this matter.

If there are German, Italian, Japanese aliens in Milam county or if there be aliens of any country under the control of dominion of these Axis owers, they are also required to come under the same restrictions as Germans, Italians and Japanese.

Under a recent registration there were approximately 1100 aliens in Milam county, the vast majority of whom are Mexicans.

CHRISTIAN SCIENCE SERVICES

"Life" is the subject of the Lesson Sermon which will be read in all Churches of Christ, Scientists, on Sunday, January 18, 1942.

The Golden Text is: "How excellent is thy loving kindness, O God, For with thee is the fountain of life" (Psalms 36.7,9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible. "And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent" (John 17.3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, 'Science and Health with Key to the Scriptures," by Mary Baker Eddy; "This is life eternal,' says Jesus, is, not shall be; and then he defines everlasting life as a present knowledge of his Father and of himself,—the knowledge of Love, Truth, and Life" (page 410).

appointed them. Mr. White is a young man, perhaps the youngest man to serve in the office of Sheriff in the history of the County.

Early in life and as a boy on the home place at Maysfield, he was called upon to assume burdens and he is no stranger to responsibility. He has discharged his duty with regard to the rights of all and has not been afraid at any time to be strong and stern in the face of duty.

In making his announcement, Mr. White calls upon his friends throughout the county to give him their active support, pledging them and the people that their reward will be faithful service, meeting all of the high traditions which this office demands of it's occupant.

He hopes to see each one and to ask them personally for their vote, but if this be impossible this is his plea to you for support.

In serving the people he has tried at all times to understand the problems of the people and to interpret public opionion in the majority, democratic way without prejudice to the views of any. He wants each one to know that he is available at all times to serve them. In this time of National crisis, Mr. White has taken on every patriotic duty possible in giving his full share of co-operation with the National effort.

During these critical days peace officers have much to do for which they receive no compensation. Mr. White's conception of public duty is to go far beyond what is ordinarily required and to do a good job of service. This he pledged the people to do and this he has done to the satisfaction of the people.

DRAFT CALLS MAY SOON BE ISSUED

An army 3,600,000 men must be raised, it was said in Washington today by President Roosevelt and Sectretary Henry L. Stimson.

Since war was declared on December 8 no call has been issued for induction of men into the army.

The American people, according to information, have been more or less mystified by the failure of the Washington government to call up men for military duty.

For the past 30 days men have been ordered up for physical examination at army centers, but all have returned to their homes to await induction. No induction calls have been issued.

It will be remembered that under the Selective Service act which was passed in 1940 America was due to raise an army of 4 million men within 5 years. With the approach of war, instead of inducting me into the army, many have been discharged and no calls have been issued.

It was regarded as entirely possible that public sentiment had disclosed an uneasiness on the part of the people. Mr. Roosevelt in his recent address to Congress emphasized production, but made no mention of any sizeable armed fore. It was presumed that such action would be taken.

In the announcement made today from Washington it is believed that draft calls may soon be issued.

Sheriff Valter White, Saturday morning had received a telegram from Congressman Poage stating that names of all German, Japanese and Italian aliens or any among nationalities under control of those nations are being mailed to the Sheriff's Department in Milam county and it is presumed similar action is being taken with reference to every other county in the United States.

Sheriff White has been attempting for several days to obtain the names of these aliens in Milam county, if there be any.

The Goverment early after the declaration of war authorized the Federal Bureau of Investigation to seize prohibited equipment reported to be in the hands of these aliens and which has been demanded by the Government to be surrendered to officers.

JAPANESE CRACK DOWN

All foreigners in Japan have been instructed to report at once to the War Department in that country. This news was contained in a special bulletin at noon today. It was regarded as of sufficient importance because of concern in this country

HITLER'S NEWSPAPER ADMITS DISASTER

Developments which warrant the belief that Germany is facing a critical hour in the war featured the head lines of the news of the day Saturday and from many sources, including Hitler's newspaper, the Russians may bring a quick end to the war in Europe.

Hitler's newspaper while denying that revolt among the German people is a possibility, accepted the situation with frank alarm and has told the German people that the army is facing a crisis and the situation is not only serious, but extremely grave.

This statement led to speculation throughout the world on whether Hitler is faking a disaster in order to fool the Democratic powers or whether finally his crimes have caught up with him and he must now pay and is forced to reveal the truth to the German people.

It was agreed that regardless of any disaster Hitler may have suffered in Russia, Germany is still strong enough to wage a mighty battle.

No where had the situation been accepted on its face. Great Britain and the United States were taking precautions in several areas in anticipation of a German trick. Weighed against this however is the problem of what Hitler would do with Russia if he launched a major campaign elsewhere.

Ever since that day more than a month ago when from somewhere near the front Joseph Stalin, by telephone, called upon the wild Cossacks to save Moscow, the German army has been reeling backwards and in full flight.

The retreat of the Germans has placed the Russians almost within cannon shot of the border of Lithuenia, it was said today.

Enormous quantities of German munitions and equipment is being taken by the Russians and the disaster seemed to have ensued on the entire front from Leningrad to the Black Sea.

In Libya the Germans were retreating in such haste that the Britisn can not make contact. It is believed that the Axis armies will be in Tripoli shortly.

There was no indication that the Axis plan an attack on Malta.

In the far east news was obscure although it was admitted that fierce fighting was on in the Philippines.

In Malaya the threat to Singapore has not been abated, in fact is growing steadily worse.

The British army authorities on the Peninsula have said that unless reinforcements can be gotten to Singapore immediately the great naval base will be under seige.

The Royal Air Force that saved Britain in September 1940, has made its appearance around Singapore.

General Douglas MacArthur and his band of heroic American soldiers were standing up in the face of a new fierce Japanese attack. It was agreed that the Americans must retreat to Corrigedor for a last stand.

REPORT INDICATES THE AMERICANS ARE ARRIVING

Hope revived today on the Democratic front as indications came in from the far east that Americans may at last be fighting on the front at Singapore and elsewhere.

A rtmor, unconfirmed, said that General Douglas MacArthur in the Philippines had received reinforcements.

Eleven Japanese planes were shot down this morning over Singapore during a raid in which 125 enemy came over the great base to drop bombs.

It was not known whether the planes were shot down by allied air craft came over the great base to drop were used.

General Douglas MacArthur is not only holding the enemy in Luzon, but has forced them to retreat. There was speculation that General MacArthur may have received reinforcements and other reports indicated that the Americans may also be landing at other points in the Philippines.

In the fierce exchange of fire this morning 11 Japanese artillery tanks were destroyed by the Americans.

In Malaya the British were increasing their resistance and in London it was said that an important announcement is expected in regard to Malaya and Singapore. There was no advance indication of what the announcement would be other than the fact that it is important.

The British have been regarded as more or less certain to lose Singapore but the broadcast from London today indicates the situation may have changed because reports have been current that reinforcements are coming in and that General Wavel is bringing an army in from India through Burma.

On the other side the Germans were concentrating in Sicily presumably for an attack upon Malta, important British base in the Mediterranean.

The Russians reported early today they had encircled two hundred thousand Nazi troops on the Moscow front and generally the campaign was going satisfactorily for the Russians.

WINTER TIME

You complain about the plumber,
Then complain about the cold—
Or complain about the water—
Just Complaining, young or old.
If 'twere just a little water
Or a frozen pipe or two
I'd just smile with satisfaction
'N gladly change my place with you.

I'm the information bureau
When the phone goes ting-a-ling
To those who are in real trouble
Or who gave a casual ring;
"Will you tell me, please, dear lady,
Why the water won't turn off?
I have turned and turned the lever,
All it does is spit and cough."

"Would you leave fire in the heater?
Wouldn't that be wasting gas?
Or the water might start boiling,
That would be a pretty pass!
If the gas I should leave burning
And the water closes down,
Would there be a great explosion?"
Oh, the nuisance makes me frown.

When my office hours are over,
They begin to ring at home.
Never thinking, "Oh, how weary
She must be from foot to dome."
Going home to fix the supper
Then to get some needed rest—
But the tenants start to 'phoning—
"Hurry now; what would be best?"

Finally sitting by our fireside,
Thinking we're through for the night,
When again the bell starts ringing—
"We are drowning; what a plight!"
So we go and fix that trouble.
Then to bed at break of dawn
Hoping soon we shall be dreaming,
But alas! Our hopes are gone.

People freezing, scalding, thawing,
Griping, scolding at us all;
Then the poor old plumber's family
Crawls out early—hits the ball.

Now next time you call the plumber
And he talks a little short—
Smile, and think of these poor verses
And then make a kind retort.
He appreciates your business.
Just an honest working man
Doing things to aid your comfort
Night and day, the best he can.

We're not salting down big money
When a freeze like this hits others.
We are taking care of patrons—
Sharing burdens with our brothers.

Willkie is Offered Place As Umpire On Labor Front

Wendell Willkie has been summoned to the White House by President Roosevelt and will be offered the position of Umpire in the field of Labor, it was announced today.

Mr. Willkie would no doubt be asked to assume the same relationship with labor as Judge Landis has with baseball.

The broadcast did not deal at length but Mr. Willkie has been more or less scheduled for an important role in the war effort.

U. S. PLANES NOW IN SINGAPORE WAR AREA

Japan's conquest of the South Pacific was well under way Monday as landings were made on Dutch Borneo and several Islands surrounding the Indies had been attacked and at least one falling to the invaders.

A broadcast heard in Cameron at noon said the Dutch had been overwhelmed on one small Island and may have been forced to surrender.

The Japanese are advancing on every front in the far east and thus far no air support has been given to American, British and Dutch forces and no naval aid has yet arrived nor any reinforcements for the armies.

Secretary of the Navy Frank Knox, speaking to a conference of Mayors Monday, cautioned the people of the United States against any expectation of a show down between the American and Japanese Navies.

Secretary Knox said that the immediate and main problem is the defeat of enemy No. 1, which is Germany. The American fleet is helping to keep open the Atlantic sea lanes and this, he said, is necessary to final victory.

The Secretary said however that the American fleet in the Pacific is not idle. The American people are demanding action.

A dispatch this afternoon said that American bombing planes, no doubt driven by American pilots as well as British and Dutch pilots, have made their apearance in Malaya and are taking an active part in the defense of Singapore, and the Dutch East Indies

The Japanese drive continues on Singapore. The British in London say the situation is extremenly grave and give the impression that they do not have much hope of saving Singapore.

Over in the Philippines the attack upon the forces of General MacArthur have been thrust back. A fierce artillery duel was in progress, but an attempt by the Japanese to attack the left flank of the American army has been thrown back with heavy losses.

On the eastern front the situation continued favorable to the Russians. According to a Moscow dispatch the Germans are putting partially wounded soldiers back into the line in a desperate effort to stave off utter rout.

German soldiers evacuated from the fighting front in the east and placed in southern France to rest and recuperate were said to be refusing to return to the front. The reasons given are lack of food, poor equipment and no clothes suitable for figthing in Russia.

For almost three months General Romel has been retreating in Libya. By this time he should be somewhere in the neighborhood of the west coast of Africa. The British report each day is that Romel is in flight. However there seemed definte indications today that shortage of fuel has forced the German commander to slow down his retreat.

People Want Share In War Effort; Registration Delayed

Registration of citizens under the Civilian Defense Plan may be made in Milam County soon, it was indicated by Emory B. Camp, Chairman of the Committee.

Mr. Camp can not arrange for Civilian registration until cards have been printed. Last Friday in Bell county more than 24,000 registered.

Registration of Civilians under the plan is a part of the nation's war program and Milam county citizens should be given an opportunity to enlist. As a morale builder it is vital to the war effort and every man, woman and child not required for military duty wants a share in the battle that America is waging against the Axis powers.

The Herald has long advocated such a move and it is important that progress be made along this line as quickly as possible.

The Days Ahead

America is facing a task in the days ahead that will require the utmost in sacrifice from us all.

No task, however, has been too big for the American People.

As we look back over the years the story unfolds as if from the pages of a book.

When the Herald was first issued in 1860 the Civil War had not been fought though it was about to break upon the continent.

There have been other wars, the Spanish-American, World War No. 1 and now world No. 2.

So it can been seen that the span of years in service rendered by The Herald is in the main the history of America during the past three quarters of a century and more.

Today as when first issued The Herald brings you each week the maximum of effort, an interpretation of news and public opinion.

The Herald is as American as Pork and Beans. It's free from anything except American things. Watch it, read it and you will see. All we ask is your continued support.
